LOS ANGELES, Dec. 18.—Wal-
lace Reid, motion picture star,
is on the verge of death and for
several days has not been ex-
pected to live, according to Mrs. Reid
(Dorothy Davenport), in an inter-
view today in the Los Angeles Ex-
aminer given at a Hollywood san-
itarium.

WALLACE REID

One of the physicians, accord-
ing to the Examiner, corroborated
Mrs. Reid's statement, saying:
"Mr. Reid has been near death for
the past five or six days. His tem-
perature has repeatedly reached 102
and his pulse 120. His heart action is ir-
regular and weak. He has fainted on
an average of three times daily and
has lost 70 pounds in weight. Labora-
tory findings at the present time in-
dicate he is suffering either from a
complete exhaustion condition or from
influenza."

after he returned from parties at the
home of some of the people in Holly-
wood and I have seen him sadly shake
his head and say: "Mother, I don't
like it. That isn't the way to have
pleasure. It's all so false, so artifi-
cial."

left to die on a lonely roadside, Dan

story at the trial of five men charged
with murder in connection with the

injuries had come back from the very
shadow of the grave to testify for
the prosecution was announced by

DENVER, Colo., Dec. 18.—Leaping from an automobile which
had drawn upon alongside of a federal reserve delivery wagon at
the main entrance of the Denver mint, and shooting toward four fed-
eral reserve guards who were emerging from the building carrying
\$200,000 in \$5 bills, two bandits at 10:40 this morning shot and fatal-
ly injured Charles Linton, one of the guards, seized the entire con-
signment of money, sprang into their motor car and escaped.

The third member of the bandit group remained at the wheel
of the automobile.
One of the bandits is believed to have been shot while making an
escape.
Linton died at 1:10 o'clock.

**ROAD MAKERS
BATTLE STORM**

**B. P. R. Party Four Days
Covering 26 Miles in
Idaho**

R. R. Mitchell, engineer for the U.
S. bureau of public roads, today re-
lated an experience of 29 employees of
the bureau between Knox and Cascade,
Idaho, last week, four days being re-
quired to cover 26 miles of road in a
blinding snow storm.
The men were employed under the
supervision of Mr. Mitchell in complet-
ing the concrete abutments on the new
steel bridge across the Snake River,
near Knox, were compelled to abandon
the work by the heavy snow storm.

So quickly did the bandits work
that persons in the immediate vicinity
were unaware of what had happened
until guards from within the mint
rushed to the windows and out of
the main entrance firing at the escap-
ing highwaymen.
Linton, who was assisting in guard-
ing the currency, fell at the first shot
from the bandits' guns.
The bandits, described by guards at
the mint who saw them, were appar-
ently about 33 years of age. Linton
had been employed by the federal
reserve bank for many years as a
guard.

EVERY COP ARMED.
Every policeman in Denver has been
armed with riot guns and an intensive
search of the hospitals of Denver and
suburbs now is under way in an ef-
fort to locate the bandit who is be-
lieved to have been shot as he was
entering the waiting automobile to
make his escape. All roads out of
Denver are being guarded and word
of the holdup has been sent to all
outside counties. The car bore a
Colorado license number 51001.
The money was the property of the
federal reserve and was being trans-
ferred from the mint to the main
bank office here for distribution to
Denver, Colorado, and Wyoming
banks, according to J. E. Grant, di-
rector of the mint.

SHIPS KEEP GOING.
Navigation on the upper lake usual-
ly closes December 1. This year it
will close December 15, because the
ice is so early. The Reliance, a
Canadian steamer, was wrecked
Wednesday on Lizard Island,
and Sault Ste. Marie, Saturday
after almost incredible hard-
frozen ice.

CHICAGO, Dec. 18.—(By the As-
sociated Press.)—Battling foot by foot
with lowering seas and freezing
weather, the men go down to the
bottoms of the Great Lakes to
keep the navigation open for
the usual time and bring down
the last cargo of the year.

with November 1920, the increase was
more than \$15,000,000.

As the car came to a stop the
guards removed the padlock from the
door of the grated wagon and pro-
ceeded into the mint where they se-
